### Drum Trucks

**9090 Drum Truck** Capacity up to 1000 lbs. A husky, "workhorse of the industry" barrel truck with two-column frame design properly cradles drums weighing up to 1000 lbs. Adjustable chime hook engages 30- and 55-gallon drum rims. As truck is pulled backward into wheels, the drum is automatically positioned onto the chamfered nose points. Select 10" x 2 1/2" Rubber Mold-On (RT), or easier-rolling High Capacity Rubber Mold-On (HC) or long-wearing Semi-Steel (IRB) wheels.

**9191 Drum Truck** Capacity up to 1000 lbs. Stands by itself and out of the way when not in use. Spring-loaded, floating axle assists in breaking over the load. Designed so the load is balanced over and ahead of the wheels for easy maneuvering. Two types of wheels available.

**Features** Two-column frame design, more stable than single-column frame. Adjustable chime hook. Chamfered nose points.

Item #	Height	Load Capacity	Weight	Handle width	Nose Width
9090-RT	58	1000 lbs	75	20	17
9090-IRB	58	1000 lbs	74	20	17
9090-HC	58	1000 lbs	75	20	17
9191-RT	58	1000 lbs	80	20	17
9191-HC	58	1000 lbs	80	20	17
